## Task Force Memorandum

**TO:** Viaduct Area Park Improvements Planning Task Force  
**FROM:** Tim Murray, City Administrator  
**MEETING DATE:** May 20, 2021  
**SUBJECT:** Review Facility/Amenity Rankings

---

### **Discussion:**

All 10 members of the Task Force submitted rankings on up to 38 facilities/amenities under consideration for the Viaduct Area Park. The results of those rankings are attached, shown in three spreadsheets. The first sheet is the raw data, using the rankings directly as submitted, while the other two sheets make some statistical adjustments to the rankings.

Some of the discussion I would like the Task Force to have at this meeting regarding the higher-ranked features/amenities are as follows:

- Site Layout Considerations
  - Placement and Orientation
  - Area Requirements
  - Relationship to Other Features
- Combination of Amenities
  - Logical Connections
  - Functional Benefits
- Clearer "Definition" of Features
  - Interpretations and Expectations

Based upon the input received at this meeting, City staff will then take that information and prepare some concept-level layouts for the park with the high ranked features/amenities for review at our next meeting.
